

Student comments from the evaluation:

STARSHIP ACTIVITIES

Buzz Lightyear/Buzz Aldrin Comparison Lesson

“The story of Buzz Lightyear caught my interest because I did not know that he was named after someone from the space program. It was pretty cool.”

“It is nice to have a direction to take for writing the paragraphs. It (the lesson) also added to my general knowledge.”

Comic Book Space Science Writing Activity

“I liked the lesson because comic books got me more interested as a reader instead of just being given a topic.”

“I loved the exercise (Using Space Comics to Improve Writing). You made it fun and interesting.”

“I was not interested in the writing project at first, but after understanding what it was about, it turned out to be fun and interesting.”

Superman Grammar Activity

“I liked the lesson because it helped me better to notice when a sentence begins and when it would end.”

“I liked the lesson because it was different. I had never done anything like it before.”

“I liked the lesson because it's interesting and very educational. The story of Superman was great and fun to read. It helped me see what was wrong with the sentences.”

“I liked the story of Superman because it held my interest while teaching me about punctuation.”

“I really liked the lesson because Superman was my favorite cartoon when I was a child.”

“I really enjoyed the story! I wish there had been more to it.”

“I was really into the activity.”
